

ATTENTION ELEMENTARY AND MIDDLE SCHOOL PARENTS

On Thursday, April 19 from 5:30-6:30 PM, the Trinity K-12 school counselors are hosting a free financial planning seminar presented by Jayeann Harr from PHEAA (Pennsylvania Higher Education Assistance Agency), designed specifically for parents of Elementary and Middle School parents.

It will be presented in the High School auditorium. The purpose of this workshop is to give parents of young children information about planning for their child's post- secondary future. Planning for a career, technical school or 2year/4year college after high school carries expenses that can impact the family.

Statistically speaking, EARLY planning is vital and this is what the seminar is intended to provide. Numerous parents of our seniors have stated that they wished they had the information earlier and had been able to plan better.

Registration forms are available in all the schools and will be passed out to your student. You can also register at khabe@trinityhillers.net or call 724-225-5380 ext. 6515.

*****Registrations are due by April 17, 2018*****
