

Trinity Middle School & Trinity High School Student Guidelines for Flexible Instruction Days

The Trinity Area School District is approved for Flexible Instruction Days (FIDs), which may be used in place of a school day that would be canceled because of inclement weather or another emergency situation. On a FID, students will complete remote instruction/learning activities and assignments provided by their teachers at home, via their Chromebook.

What's the benefit of a FID?

Implementing a FID will not require additional make-up days when school is canceled. These make-up days could shorten the spring break or extend the school year. The District has received approval for five (5) FIDs per school year.

If the District calls for a FID, how will I know?

Parents, guardians and students will be informed of a closure/FID via the Skylert System, email, phone and text message system. The announcement will be posted on the TASD website www.trinitypride.org and the local media (television and radio) will announce the closure/FID. The District's notification systems will function in the same way that school closings and delays are currently announced, but they will be identified as FID.

Students in grades 6-12 will have the following schedule:
